Dave the Nerd Computers Price List

Service
Description
Cost

Flat Fee PC Repair
This service includes, diagnostics, Adware, Spyware, Virus and Trojan Removal, and a PC Tune-up.   We are extremely thorough, and work very hard to remove all malware without resorting to formatting your computer.
$150

Computer Evaluation
Hardware Testing, and evaluation will provide a diagnostic as to the current condition of your computer, estimated life expectancy and cost benefit analysis as to whether or not other services are warranted. This fee is not an additional fee to our "Flat Fee Computer Repair," should you continue with that service.
$45

Unlock Your Password
If you have ever locked our self out of your computer. We at Dave the Nerd Computers can get into your computer and blank out your password so that you can access all your data again. If for some reason we are unable to blank the password we will let you know.
$45

Laptop Hardware Repair
This is a per component fee for hardware replacement. Keyboards, RAM, and Hard drive replacement are examples. Hardware Costs are extra.
$30

PC Hardware Upgrades
This is a per component fee for hardware replacement. RAM, Video Cards, CPUs, Power Supplies, Sound Cards and Hard drive replacement are examples.   Hardware Costs are extra.
$20

Software Installation
Programs are getting more complex as time goes on. If you want to make sure that your programs are installed correctly we will be happy to install and configure it for you. Our fee is per program installed.
$10

On Site Service
Dave the Nerd Computers will send a technician to your location to attempt to fix your Computer Problems. If we are unable to fix the problem in 1 hour, we will bring the computer back to our lab for diagnostics and testing. Our trip charge is for any location in Downriver Michigan area.
$30

Expired Anti-Virus Removal and Replacement
Did your computer come with a 'free' anti-virus that's now no longer working and asking you for money? We'll remove all old anti-virus software and replace it with the latest free anti-virus software (usually Microsoft Security Essentials), and no further ongoing payments will be required.
$30

Cut in Line Service
With this fee you can become the first in line, and jump ahead of everyone else in the queue.
$40

Data Recovery
In most cases we are able to recover your data (pictures, music, documents) from your hard drive even if the computer will not boot. The price for this option is not fixed. Our minimum price is shown. We will be able to provide a quote after evaluation.
$100 - Contact Us

New PC Recommendation and Clean-up
We will find the best computer for you that fits your needs and your budget. We will also remove any trial-ware applications, trial antivirus, and Bloat-ware installed on the machine from the Vendor.
$25

Wireless Network Installation and Configuration
We will securely install and configure your wireless network (up to 2 devices). Additional configuration fee for other devices is $25.
$50

PC Tune-up

If your computer is running slowly, it may not be a virus, it could be due to a conflicted registry, and you may have too many services running. This service also includes cleanup of temporary files, disk defragmentation, and a disk check. We will also run a stress test, and give you an approximation on the lifespan of your machine.

$75

Malware Removal

If your computer has a virus, worm, Trojan, ad-ware or any other type of malware, we can usually remove them all without formatting your computer and losing your data.

$75

Operating System Re-Installation

If you don't have your PC's recovery disks, we will assist you in ordering them (installation media costs extra). We will re-install the operating system and all of the computer's drivers, and backup your documents pictures and music before re-installation.

$100
